Parts Counter Update

INFORMATION: 2025 Service Parts Price Book Update

Dear Valued Customer:

Bradford White will be implementing a price increase on service parts, effective August 1, 2025. This adjustment is driven by recent tariff increases, inflationary cost pressures, and the findings of our internal cost analysis. As a result, a weighted average price increase of approximately 7% will be applied. To receive current pricing, all orders must be submitted by July 31, 2025. The updated pricing is available on For The Pro®-Wholesale for your convenience.

We sincerely appreciate your continued support. If you have any questions, please contact your local Sales Representative, your Regional Sales Manager, or feel free to reach out to me directly.

Sincerely,
