PRODUCT DISCONTINUATION: Brute OmniTech® (BOCH & BOCV) Boilers & Water Heaters

Dear Valued Customer,

With the continued shift in our industry toward fully condensing appliances and after a thorough evaluation of our portfolio, we have made the difficult decision to discontinue the Brute OmniTech® BOCH and BOCV boilers and water heaters.

We will accept orders for Brute OmniTech® BOCH and BOCV units until **Friday, August 29, 2025**.

Any orders received on or before that date will be shipped with current lead times when order is placed. Orders will not be held for later shipment.

Brute OmniTech® units have been offered with sizes from 1250 MBH to 3000 MBH. Alternate boilers and water heaters that are offered in the same size range as the Brute OmniTech® units include:

Brute OmniTech® Model	Alternate Models
